Section H - Special Contract Requirements

Miscellaneous text in this section has been modified to:

SUBMISSION OF QUESTIONS: Questions regarding this solicitation must be submitted in writing via email to the two individuals listed above in Section G **no later than** close of business at 4:00 p.m., CST, 5 business days after the date of the site visit.

SUBMISSION OF PROPOSALS: Offeror is responsible for submitting their proposal so as to reach the NAFI Contracting office designated in the solicitation by the date/time specified. Personnel requiring access to Hurlburt Field for the purpose of **delivering a proposal or attending the site visit** must email a written request containing the company name and the full name (First, Middle, Last) of person(s) requiring access to the Contract Specialist, Christine Young(christine.young.1@us.af.mil), and the Contracting Officer, Tina Kneip (tina.kneip.14@us.af.mil). Hurlburt Field base access requests must be received NLT 72 hours prior to the date and time established for receipt of proposals. All individuals will enter through the Commercial gate, (CVI gate) located on Downs Rd, Hurlburt Field and the CVI gate entrance/exit is located off of Martin Luther King Jr Blvd. Please allow extra time to obtain your temporary base pass at the Commercial gate.

VALID ID: For either the site visit or submission of proposals, all personnel requesting access to Hurlburt Field must possess a valid State or Government picture identification card. Furthermore, individuals presenting identification cards from a state that is non-compliant with the REAL ID Act will require additional documentation to gain base access. Additional documentation includes a valid U.S. or foreign government issued passport, an employment authorization document that contains a photograph, or identification cards issued by federal state or local government agencies that include a photo and biographic information. A full list of REAL ID Act compliant and non-complaint states can be found at <https://www.dhs.gov/real-id>. Personnel requesting vehicle access to Hurlburt Field must provide a valid driver's license, current vehicle registration, and valid vehicle insurance.

SITE PROTECTION DURING HURRICANE SEASON

Normally, the period from 1 June through 30 November is the premier season for Hurricanes, Tropical Storms and Tropical Depressions for Hurlburt Field, FL and surrounding areas. In the event of a hurricane and at the direction of the Contracting Officer, the Contractor shall be responsible for:

- a) Securing all equipment, materials and cleaning up the work area;
- b) Continuing normal operations until directed otherwise by the Contracting Officer;
- c) Evacuating the base as directed by the Contracting Officer;
- d) Provide a POC to the Contracting Officer to recall the contractor after the danger is over;
- e) Be prepared to resume normal operations when notified by the Contracting Officer. The work site should be free of objects capable of becoming airborne and causing a hazard. For service contracts, damages occurring as a result of contractor debris are the responsibility of the contractor and will be handled in accordance with FAR 52.237-2, this clause and other requirements of this contract. For construction contracts, per FAR clauses 52.236-9 and 52.236-12, you are required to maintain your work area free of debris and in a safe and secure condition at the completion of each workday with particular care during the hurricane season.

SPECIAL CLAUSES FOR CONSTRUCTION

NFC-203-14 - DISPLAY OF HOTLINE POSTER(S) (JUN 2020)

(a) Definition.

"United States," as used in this clause, means the 50 States, the District of Columbia, and outlying areas.

(b) *Display of fraud hotline poster(s)*. Except as provided in paragraph (c)

(1) During contract performance in the United States, the Contractor shall prominently display in common work areas within business segments performing work under this contract and at contract work sites.

(i) Any agency fraud hotline poster or Department of Homeland Security (DHS) fraud hotline poster identified in paragraph (b)(3) of this clause; and

(ii) Any DHS fraud hotline poster subsequently identified by the Contracting Officer.

(2) Additionally, if the Contractor maintains a company website as a method of providing information to employees, the Contractor shall display an electronic version of the poster(s) at the website.

(3) Any required posters may be obtained as follows:

Poster(s)	Obtain from
Defense Hotline Posters	http://www.dodhotline.dodig.mil/Hotline/posters.cfm

(c) If the Contractor has implemented a business ethics and conduct awareness program, including a reporting mechanism, such as a hotline poster, then the Contractor need not display any agency fraud hotline posters as required in paragraph (b) of this clause, other than any required DHS posters.

(d) Subcontracts. The Contractor shall include the substance of this clause, including this paragraph(d), in all subcontracts that exceed \$5.5 million, except when the subcontract

(1) Is for the acquisition of a commercial item; or

(2) Is performed entirely outside the United States.

(End of clause)

NFC-222-36 - EQUAL OPPORTUNITY FOR WORKERS WITH DISABILITIES (JUN 2020)

(a) Equal opportunity clause. The Contractor shall abide by the requirements of the equal opportunity clause at 41 CFR 60-741.5(a), as of March 24, 2014. This clause prohibits discrimination against qualified individuals on the basis of disability, and requires affirmative action by the Contractor to employ and advance in employment qualified individuals with disabilities.

(c) Subcontracts. The Contractor shall include the terms of this clause in every subcontract or purchase order in excess of the threshold specified in Federal Acquisition Regulation (FAR) 22.1408(a) on the date of subcontract award, unless exempted by rules, regulations, or orders of the Secretary, so that such provisions will be binding upon each subcontractor or vendor. The Contractor shall act as specified by the Director, Office of Federal Contract Compliance Programs of the U.S. Department of Labor, to enforce the terms, including action for noncompliance. Such necessary changes in language may be made as shall be appropriate to identify properly the parties and their undertakings.

(End of clause)

NFC-225-9 - BUY AMERICAN-CONSTRUCTION MATERIALS (MAY 2014)

(a) *Definitions.* As used in this clause--"Commercially available off-the-shelf (COTS) item"

(1) Means any item of supply (including construction material) that is

(i) A commercial item;

(ii) Sold in substantial quantities in the commercial marketplace; and

(ii) Offered to the NAFI, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in 46 U.S.C. 40102(4), such as agricultural products and petroleum products.

"Component" means an article, material, or supply incorporated directly into a construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the NAFI are supplies, not construction material.

"Cost of components" means

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Domestic construction material" means

(1) An unmanufactured construction material mined or produced in the United States;

(2) A construction material manufactured in the United States, if

(i) The cost of its components mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. Components of foreign origin of the same class or kind for which non availability determinations have been made are treated as domestic; or

(ii) The construction material is a COTS item.

"Foreign construction material" means a construction material other than a domestic construction material.

"United States" means the 50 States, the District of Columbia, and outlying areas.

(a) Domestic preference.

(1) This clause implements the 41 U.S.C. chapter 83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the component test of the Buy American statute is waived for construction material that is a COTS item. The Contractor shall use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

This requirement does not apply to information technology that is a commercial item or to the construction materials or components listed by the NAFI as follows:

NONE _____ [Contracting Officer to list applicable excepted materials or indicate "none"]

(2) The Contracting Officer may add other foreign construction material to the list in paragraph (b)(2) of this clause if the NAFI determines that

(i) The cost of domestic construction material would be unreasonable. The cost of a particular domestic construction material subject to the requirements of the Buy American statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 6 percent;

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(b) Request for determination of inapplicability of the Buy American statute.

(1)

Any Contractor request to use foreign construction material in accordance with paragraph (b)(3) of this clause shall include adequate information for NAFI evaluation of the request, including

(A) A description of the foreign and domestic construction materials;

(B) Unit of measure;

(C) Quantity;

(D) Price;

(E) Time of delivery or availability;

(F) Location of the construction project;

(G) Name and address of the proposed supplier; and

(H) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(iii) The price of construction material shall include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(iv) Any Contractor request for a determination submitted after contract award shall explain why the Contractor could not reasonably foresee the need for such determination

and could not have requested the determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(2) If the NAFI determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(3) Unless the NAFI determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute.

(a) **Data.** To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor shall include the following information and any applicable supporting data based on the survey of suppliers:

Foreign and Domestic Construction Materials Price Comparison

Construction material description	Unit of measure	Quantity	Price (dollars) *
<i>Item 1</i>			
Foreign construction material			
Domestic construction material			
<i>Item 2</i>			
Foreign construction material			
Domestic construction material			

[List name, address, telephone number, and contact for suppliers surveyed. Attach copy of response; if oral, attach summary.]

[Include other applicable supporting information.]

[*Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued).]
