3. The County reserves the right to delete any Bid items and the total Bid shall be determined as the sum of the Bid items awarded. The County may conduct such investigations as the County deems necessary to assist in the evaluation of any Bid and to establish the responsibility, qualifications, and financial ability of Bidders, proposed Subcontractors, Suppliers, and other persons and organizations to perform and complete the Project in accordance with the Contract Documents to the County's satisfaction within the prescribed time. The County may consider the operating costs, maintenance requirements, performance data, and guarantees of major items of materials and equipment proposed for incorporation in the Project when such data is required to be submitted prior to Notice of Award.

If the contract is to be awarded, it will be awarded to the responsible and responsive Bidder submitting the lowest bid whose evaluation by the County indicates to the County that the award will be in the best interest of the Project. from the date a punch list of the remaining items to be completed is issued by the County. Substantial completion shall be defined as the point where the Project is NINETY PERCENT (90%) complete and can be used for the purpose it was intended. Final completion shall be defined as completion of the Project in all respects and in accordance with the Contract Documents as approved and accepted by the County. An additional Notice to Proceed shall not be required for any Change Order. The Contractor shall work on the Project continuously and expeditiously from the time of issuance of Notice to Proceed.

B. In the event that Contractor is delayed by force majeure, changes in the Project, extras to the Project, or failure of the owner to make timely and proper payments, then Contractor shall, within forty-eight (48) hours of start of the delay, give written notice and request to the County for an extension of time, which shall not be unreasonably withheld. Failure to give timely notice within forty-eight (48) hours shall be deemed as a waiver of any claim for an extension of time to complete the Project. Any extension due to force majeure hereunder shall only be as to the time for project completion, and only for such time period equal to the delay that was directly related to the force majeure event. Extensions hereunder shall not increase any sum of monies owed by County. Should Contractor attempt to claim an increase in monies related to such extension, the total amount of such increase shall be fully itemized and detailed and provided in writing within the time set forth in this subsection. Failure to provide such documentation in a timely manner shall waive the County's responsibility for payment of any monies sought. While an extension of time shall not be unreasonably withheld by the County, approval of an increase in monies due may be accepted or rejected within the County's sole discretion, and the County may additionally elect to grant an extension that includes an increase in monies due with an offset of said sum by the amount(s) of liquidated damages that would be due should no extension have been granted.

After receipt of the Notice of Award, the successful bidder shall submit to the County with the executed Contract any changes to the list of names of the subcontractors or other persons or organizations (including those who are to furnish materials and equipment fabricated to a special design) proposed for the principal portions of the Project. For any given change order, the percentage of total compensation allowable for overhead, profit, and bond premium shall not exceed the percentage for those types of cost included in the original bid. The change order shall set forth authorization to increase or decrease the contract amount and time for completion of the Project. The change order shall also act as a Notice to Proceed with the work specified in the change order. If the County and Contractor cannot agree to an adjustment in compensation or contract time, the Contractor may be directed by the County, without invalidating the Contract, to perform any changes in the Project pending final determination of the adjustment in compensation or contract time.

Drafted by the Office of the County Attorney.
Approved by the Board of County Commissioners _____, 2024.

Should unknown physical conditions exist in the ground or in an existing structure which are unusual in nature, or different from conditions ordinarily encountered, then upon claim made by either party hereto within ten (10) days of notice of the condition, an equitable adjustment shall be made. The Contractor shall provide written notice of such concealed condition within forty-eight (48) hours of its discovery thereof. If the parties cannot agree on the amount of the equitable adjustment, then the lowest amount offered shall be paid or credited and the Project shall proceed with the amount of the adjustment to be resolved later. The failure to reach agreement on an equitable adjustment shall not be considered a material breach of this Contract for the purposes of termination.

ARTICLE 11. WARRANTY AND GUARANTEE.

A. The Contractor warrants and guarantees to the County that all work on the Project, including work of any subcontractor or supplier, shall be in strict conformance with the contract documents and shall be free of Defective Work. "Defective Work" shall mean any work, material, or equipment incorporated in the Project that the Project Manager, in his sole discretion, determines is faulty, unsatisfactory, deficient, or damaged, or does not strictly conform to the requirements of the Contract Documents and all applicable state, federal, and local laws, regulations, and permits, including but not limited to those permits identified in the List of Applicable Permits. This warranty and guarantee shall survive the one year Correction Period set forth in this Article.

B. Contractor warrants and guarantees that title to all work, materials, and equipment covered by an Application for Payment, whether incorporated in the Project or not, will pass to the County at the time of payment free and clear of all liens, claims, security interests, and encumbrances.

C. The Contractor warrants and guarantees that any warranties of a manufacturer for goods, materials, and equipment covered by an Application for Payment, whether incorporated in the Project or not, will pass to the County at the time of payment.

D. The enumeration of any guarantee or warranty within the Contract Documents shall not be construed to waive any other express or implied warranties.

ARTICLE 12. CONTRACTOR'S REPRESENTATION.

The Contractor represents to the County that:

A. The Contractor is properly certified and licensed; is solvent financially; is experienced in and competent to complete the Project;

B. The Contractor is familiar with all federal, state, local, or other regulatory laws, ordinances, and regulations, which in any manner whatsoever may affect the Project.

Drafted by the Office of the County Attorney.

Approved by the Board of County Commissioners _____, 2024.

C. The Contractor utilizes the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of: (a) all persons employed during the contract term by the Contractor to perform employment duties within Florida; and (b) all persons (including subcontractors) assigned by the Contractor to perform work pursuant to the Contract.

F. The Contractor has made its own estimate of the quantities required for completion of the Project; has determined the quantities estimated in the Contract Documents are accurate and adequate; hereby acknowledges that compensation in the Contract is premised upon performing and furnishing the service, labor, equipment, and materials required to complete the Project described by the Contract Documents; and will make no claims for compensation in excess of the total compensation allowed by this Contract for reason of accuracy or adequacy of estimates contained in the Contract Documents;

G. The Contractor, in submitting its Bid, has complied with every requirement of the Instructions to Bidders and has knowledge of and ability to apply the means, methods, techniques, sequences, or procedures of construction as may be indicated in or required by the Contract Documents; and

H. In submitting a Bid for this Contract, the Contractor has not discussed its bid or bid amount with any person that submitted or contemplated submitting a bid for this Project nor engaged in any activity which may be collusive or fraudulent.

ARTICLE 13. TESTS AND INSPECTIONS.

A. Contractor shall give the County timely notice of readiness of the Project for all required inspections, tests, or approvals. If any work on the Project that is to be inspected, tested, or approved is covered without written concurrence of the County, it must, if requested by the County, be uncovered for observation at Contractor's expense. Neither observations by the County nor inspections, tests, or approvals by others shall relieve Contractor from its obligations to complete the Project in strict accordance with the contract documents.

Drafted by the Office of the County Attorney.
Approved by the Board of County Commissioners _____, 2024.

B. If any defective work on the Project is discovered upon testing or inspection, Contractor shall promptly, without cost to the County and as specified by the County, either correct the defective work, whether or not fabricated, installed, or completed, or, if the work has been rejected by the County, remove it from the site and replace it with non-defective work. The Contractor shall pay for all re-inspection costs.

C. If within one year after the date of final payment or as specified in the plans and specifications, whichever occurs later or such longer period of time as may be prescribed by law or by the terms of any applicable special guarantee required by the Contract Documents (the Correction Period), any work on the Project is found to be defective, Contractor shall promptly, without cost to the County and in accordance with the County's written instructions, either correct such defective work, or, if it has been rejected by the County, remove it from the site and replace it with non-defective work. Upon correction of any Defective Work, an additional one (1) year Correction Period shall run for the repaired or replaced work. The County may, at its discretion, occupy and use portions of the Project before Substantial Completion of the entire Project. If the County should so elect to occupy and use a portion of the Project before Substantial Completion of the entire Project, the Project Manager shall establish the date of Substantial Completion for that portion of the Project, and the Correction Period for that portion of the Project shall run for one (1) year after the date of Substantial Completion established for that portion of the Project. Defects identified for correction during the Correction Period but remaining defective after its expiration shall be considered as part of the Contractor's obligation to repair. If Contractor does not promptly comply with the terms of such instructions, or in an emergency where delay would cause serious risk of loss or damage, the County may have the defective work corrected or the rejected work removed and replaced, and all direct and indirect costs of such removal and replacement, including compensation for additional professional services, shall be paid by Contractor. This provision shall not be construed as a limitation on any warranty provided by Contractor.

D. The performance or failure to perform any test or inspection shall in no manner be construed as a waiver of any express or implied warranty or guarantee.

ARTICLE 14. INDEMNIFICATION.

A. Contractor shall indemnify and save harmless County, its officers, agents, and employees, from all claims, suits, or actions at law or equity, damages, losses, and expenses, whether direct or indirect, or consequential, including but not limited to charges of engineers, attorneys, and other professionals and costs of both defense and appeal, in a court of law or other tribunal, for any reason whatsoever, including but not limited to bodily injury, sickness, disease, or death of any persons, including employees of Contractor or any subcontractor, or injury to or destruction of property, including loss of use, which claims are arising out of, related to, connected with, or caused by (a) Contractor's or any subcontractor or supplier of Contractor's negligent performance or non-performance of the Project; (b) Defective Work, whether by Contractor or any subcontractor or supplier of Contractor; (c) the failure of Contractor or any subcontractor of Contractor to provide a safe work place; (d) noncompliance with federal, state, and

The provisions of this indemnification agreement shall include all accidents, injuries, and claims made, provided, however, that the Contractor shall not be required to indemnify the the County for damages arising solely from the negligence of the County and its officers, agents, or employees. Contractor shall, at its own cost and expense, defend such claims, actions, or proceedings which are subject to this indemnification agreement, whether groundless or not, which may be commenced against the County, and Contractor shall pay any and all judgments which may be recovered in any such action, claim, proceeding, or suit, excluding that proportion of any judgment for which the County may be found negligent, and defray any and all expenses including costs and attorney's fees, which may be incurred in or be reason of such action, claim, proceeding, or suit. The County and Contractor agree that one percent (1%) of the total compensation to Contractor for performance of this Contract is the specific consideration from the County to Contractor for Contractor's indemnity agreement.

B. Nothing herein is intended to serve as a waiver of sovereign immunity by County to which sovereign immunity applies. Nothing herein shall be construed as consent by County to be sued by third parties in any matter arising out of any contract.
